### War Risks (Factories) Insurance Ordinance, 1942 (Ordinance No. XII of 1942.)

*Fort St. George, May 8, 1942.*

No. 25.

The following notification of the Government of India is republished. —

LEGISLATIVE DEPARTMENT.

*New Delhi, the 8th April 1942.*

ORDINANCE No. XII OF 1942.

*An Ordinance to provide for the insurance of certain property in British India against war risks.*

WHEREAS an emergency has arisen which makes it necessary to provide for the insurance of certain property in British India against war risks;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935, the Governor-General is pleased to make and promulgate the following Ordinance —

26 Geo. 5, c. 2.

Short title, extent and commencement.

1. (1) This Ordinance may be called the War Risks (Factories) Insurance Ordinance, 1942.

(2) It extends to the whole of British India.

(3) It shall come into force at once.

Definitions.

2 In this Ordinance, unless there is anything repugnant in the subject or context,—

(a) "buildings" includes foundations, plinths, floors, staircases, tanks, engine and boiler beds, chimneys and flues,

(b) "factory" means a factory as defined in clause (j) of section 2 of the Factories Act, 1934, and includes any premises including the precincts thereof which, having at any time after the 31st day of December, 1938, been a factory as defined in clause (j) of section 2 of the said Act, have not been exempted under section 14 from the provisions of section 5 of this Ordinance; XXV of 1934

(c) "factory buildings" includes all buildings comprised in the factory, and such other buildings (including residential buildings for staff and workmen, hospitals and welfare centres) within a radius of two miles from the main factory building as are in the same ownership or occupation as the factory and are used for the purposes of the factory,

(d) "the Fund" means the War Risks (Factories) Insurance Fund constituted under section 7,

(e) "insurable value" of property means the value of the property as ascertained for the purposes of insurance under this Ordinance,

(f) "occupier" of a factory has the meaning assigned to the word in clause (i) of section 2 of the Factories Act, 1934; XXV of 1934

(g) "owner" of a factory includes, when parts of the property insurable under this Ordinance in relation to the factory are owned by different persons, each such person in respect of the part owned by him,

(h) "prescribed" means prescribed by rules made under this Ordinance,

(i) "property insurable under this Ordinance" means, in relation to any factory, the factory buildings, all plant and machinery in the factory, and such other plant and machinery as may be prescribed;

(j) "the Scheme" means the War Risks (Factories) Insurance Scheme referred to in sub-section (1) of section 3,

(k) "war risks" means such risks arising from—

(i) action taken by an enemy or action taken in combating an enemy or in repelling an imagined attack by an enemy,

(ii) measures taken under proper authority to avoid the spreading of, or otherwise to mitigate, the consequences of damage occurring (whether accidentally or not) as the direct result of any such action as aforesaid,

(iii) precautionary or preparatory measures taken under proper authority with a view to preventing or hindering the carrying out of any attack by an enemy, being measures involving risk to property,

(iv) precautionary or preparatory measures involving the doing of work on land and taken under proper authority in any way in anticipation of enemy action, being measures involving risk to property,

(v) precautionary or preparatory measures taken under proper authority with a view to denying facilities to an enemy, being measures involving damage to or diminution of the value of property, as may be prescribed.

War Risks Factories Insurance Scheme.

3. (1) The Central Government may, by notification in the official Gazette, put into operation a scheme to be called the War Risks (Factories) Insurance Scheme, whereby the Central Government undertakes in relation to factories the liabilities of insuring against war risks, to the extent provided by and subject to the provisions of this Ordinance, property insurable under this Ordinance which appertains to a factory.

(2) The Scheme may be such as to provide for the undertaking by the Central Government of its liabilities under the Scheme as from a date anterior to the inauguration of the Scheme, or to the commencement of this Ordinance.

(3) The Scheme may extend to the undertaking by the Central Government in relation to any person in British India of the liability of insuring such person against war risks in respect of any property insurable under this Ordinance which is not owned by him but in which he has an interest, up to the extent of such interest.

(4) The Scheme shall be such as to secure—

(a) that the liability of the Central Government as insurers shall not extend to more than eighty per cent of the insurable value of the property insurable,

(b) that in respect of each claim the insured shall bear the first one thousand rupees or twenty per cent of the claim, whichever is greater,

(c) that any liability of the Central Government as insurers under the Scheme is determined by a policy of insurance issued in the prescribed form and in respect of a prescribed period by a person acting on behalf of the Central Government,

(d) that any premium under a policy so issued is payable at such rate as may for the time being be prescribed.

(5) The Scheme may provide—

(a) for undertaking in relation to works in course of construction which when completed will become factories the same liabilities as are undertaken by the Scheme in relation to factories;

(b) that the payments due under a policy of insurance issued under the Scheme may, at the option of the Central Government, take either of the following forms, namely:—

(i) payment, within the limits of the liability assumed by the Central Government and in such manner and by such instalments as the Central Government may think fit, of the cost necessary to restore the property so far as practicable to the condition in which it existed before the occurrence of the damage, or

(ii) compensation, within the aforesaid limits, for the loss in value, ascertained on the basis of values and prices ruling at the time at which the policy of insurance was taken out, or at which the loss occurred, whichever is less, suffered by the property as a result of the damage, after due allowance has been made for depreciation during the current period of insurance cover;

(c) for the postponement in accordance with prescribed principles of payments due under a policy of insurance issued under the Scheme in respect of any damage sustained by property insured thereunder;

(d) for making it an express or implied condition of any policy of insurance issued under the Scheme—

(i) that the owner or occupier of a factory shall comply with all regulations or instructions made or issued under the authority of Government for safeguarding the property against damage from war risks, or

(ii) that, where the Central Government exercises its option to pay the cost necessary to restore the property to its original condition, the owner of the factory shall, if so required by the Central Government, reconstruct the factory or remove the factory to and reconstruct it in another locality.

(6) Different rates of premium may be prescribed under sub-section (4) for the purpose of differentiating from other factories and other property insurable under this Ordinance—

(a) factories established after the inauguration of the Scheme,

(b) property insurable under this Ordinance which consists of additions made after the inauguration of the Scheme to the property insurable under this Ordinance appertaining to a factory,

(c) property insurable under this Ordinance which consists of restorations or reconstructions of property insurable under this Ordinance which has after the inauguration of the Scheme suffered damage or destruction arising from a war risk.

Employment of agents by the Central Government.

4. The Central Government may employ or authorize the employment of any person or firm to act as its agents for any of the purposes of this Ordinance, and may pay to persons or firms so employed such remuneration as the Central Government thinks fit:

Provided that no person or firm shall be so employed unless that person or firm is either—

(a) a member of an association prescribed in this behalf, or

(b) a person who in British India has a standing contract with underwriters who are members of the Society of Lloyd's whereby such person is authorized within the terms of such contract to issue protection notes, cover notes or other documents granting insurance against war risks.

Compulsory insurance.

5. (1) Every owner of a factory, except a factory belonging to the Crown or a factory exempted under section 14 from the provisions of this Ordinance, shall by such date as may be specified in this behalf by the Central Government, by notification in the official Gazette, take out a policy of insurance against war risks issued in accordance with the Scheme, whereby he is insured in respect of all property insurable under

this Ordinance which appertains to the factory for a sum not less than the insurable value of such property.

Provided that where, the owner of the factory is not himself the occupier of the factory, the occupier of the factory shall, unless the owner has already taken out a policy of insurance as required by this sub-section, himself take out the policy, and in such a case the occupier shall be deemed to act as the agent of the owner and shall be entitled to receive from the owner all sums paid as premiums on the policy.

(2) The obligation imposed by sub-section (1) includes, when the owner of the factory is required by the Central Government to reconstruct a factory which has suffered damage, an obligation to take out an additional policy of insurance as required by the sub-section in respect of the reconstructed factory.

(3) When a factory in respect of which a policy of insurance against war risks has been taken out as required by this section is transferred from one owner to another or there is a change of occupier of the factory, the policy may be transferred to the new owner or occupier, and such new owner or occupier shall succeed to all rights and liabilities under and in relation to the policy as if the policy had been in the first instance taken out by him.

(4) Whoever contravenes the provisions of sub-section (1) or the proviso thereto, or, having taken out a policy of insurance as required by that sub-section, fails to pay any instalment of premium thereon which is subsequently due, shall be punishable with fine which may extend to two thousand rupees and with a further fine which may extend to one thousand rupees for every day after the first on which the contravention or failure continues.

Restriction on carrying on certain insurance business.

6. (1) After the date on which the Scheme is put into operation, no person shall, except as a person authorised by the Central Government as their agent to issue policies in pursuance of the Scheme, carry on the business of insuring factories in British India against war risks in respect of property insurable under this Ordinance.

(2) Whoever contravenes the provisions of sub-section (1) shall be punishable with fine which may extend to five thousand rupees and with a further fine which may extend to one thousand rupees for every day after the first on which the contravention continues.

War Risks (Factories) Insurance Fund

7. (1) The Central Government shall establish a fund for the purposes of this Ordinance to be called the War Risks (Factories) Insurance Fund into which shall be paid all sums received by the Central Government by way of insurance premiums under the Scheme or by way of payments made on composition of offences under section 12, and out of which shall be paid all sums required for the discharge by the Central Government at any of its liabilities under the Scheme, or for payments by the Central Government under section 9, or for the payment by the Central Government of the remuneration and expenses of agents employed for the purposes of the Scheme.

(2) If at any time when a payment is to be made out of the Fund the sum standing to the credit of the Fund is less than the sum required for the making of that payment, an amount equal to the deficiency shall be paid into the Fund as an advance out of general revenues.

(3) If at any time the amount standing to the credit of the Fund exceeds the sum which, in the opinion of the Central Government, is likely to be required for the making of payments out of the Fund, the excess shall be paid into general revenues.

(4) The Central Government shall prepare in such form and manner as may be prescribed and shall publish either annually, or at such shorter intervals as may be prescribed, an account of all sums received into and paid out of the Fund.

Power of Central Government to obtain information.

8. (1) Any person authorised in this behalf by the Central Government may, for the purpose of ascertaining whether or not the owner or occupier of a factory has taken out a policy of insurance as required by this Ordinance in respect of all property insurable under this Ordinance which appertains to the factory, or for the purpose of investigating the insurable value of such property, or for the purpose of estimating the damage suffered by such property,—

(a) require the owner or occupier of a factory to submit to him such accounts, books or other documents or to furnish to him such information as he may reasonably think necessary, or

(b) at any reasonable time enter any premises or upon any property appertaining to a factory, inspect such premises or property, and require any person found therein or thereon, whom he believes to be in possession of information relevant to his investigation, to furnish to him such information as he may reasonably think necessary.

(2) Whoever wilfully obstructs any person in the exercise of his powers under this section or fails without reasonable excuse to comply with any request made thereunder shall, in respect of each occasion on which any such obstruction or failure takes place, be punishable with fine which may extend to one thousand rupees.

(3) Whoever, in purporting to comply with his obligations under this section, knowingly or recklessly makes a statement false in a material particular, shall be punishable with fine which may extend to one thousand rupees.

Payments towards cost of removal and reconstruction of factory.

9. Where the Central Government requires the owner of a factory to remove the factory and to reconstruct it in another locality, the Central Government shall make to such owner out of the Fund such payments, in addition to any sum payable under the policy of insurance, as it considers sufficient to defray the cost of the removal and, if necessary, the replacement at any part of the property in respect of which no compensation is payable.

Recovery of arrears of premium instalments.

10. Any instalment of premium due on a policy of insurance issued under the Scheme may be recovered as an arrear of land revenue.

Limitation of prosecutions.

11. No prosecution for any offence punishable under this Ordinance shall be instituted against any person except by or with the consent of the Central Government or the authority authorised in this behalf by the Central Government.

Composition of offences.

12. Any offence punishable under sub-section (4) of section 5 may, either before or after the institution of the prosecution, be compounded by the Central Government, or by any authority authorised in this behalf by the Central Government, on payment for credit to the Fund of such sum as the Central Government or such authority, as the case may be, thinks fit.

Bar of legal proceedings.

13. No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Ordinance.

Power to exempt factories.

14. The Central Government may, by notification in the official Gazette, exempt any factory or any description of factories or any premises including the precincts thereof which have at any time after the 31st day of December 1933, been a factory as defined in clause (j) of section 2 of the Factories Act, 1934, from the provisions of section 5 and may by order declare that any factory or any description of factories so exempted may, if the owner so wishes, be insured under the Scheme. XXV of 1934.

Power to make rules.

15. (1) The Central Government may, by notification in the official Gazette, make rules to carry into effect the provisions of this Ordinance.

(2) Without prejudice to the generality of the foregoing power, such rules may—

(a) prescribe the method of ascertaining the value of property for the purposes of insurance under this Ordinance;

(b) prescribe the plant and machinery other than plant and machinery in the factory which shall be properly insurable under this Act;

(c) prescribe the rules which shall be deemed to be war risks for the purposes of clause (k) of section 2;

(d) prescribe the forms of the policies of insurance referred to in clause (c) of sub-section (3) of section 2 and the period in respect of which such policies shall be issued;

(e) prescribe the associations referred to in clause (e) of the proviso to section 4;

(f) prescribe the form of and the manner of preparing the account referred to in sub-section (4) of section 7.

Power of Central Government to extend Ordinance and scheme to certain factories subject to IV of 1923.

10. (1) The Central Government may, by notification in the official Gazette, declare that the provisions of this Ordinance and of the Scheme made thereunder shall apply to the insuring against war risks of—

(a) the machinery above ground appertaining to mines, as defined in the Indian Mines Act, 1923;

(b) the distribution systems of gas supply undertakings, or

(c) the whole or a specified part of the distribution and transmission systems, sub-stations, switch houses and transformer houses of electric supply undertakings generally, or of specified electric supply undertakings,

as they apply to property insurable under this Ordinance which appertains to a factory.

No. 26.

The following notification of the Government of India is republished:—

LEGISLATIVE DEPARTMENT.

*New Delhi, the 9th April 1942.*

ORDINANCE No. XIII OF 1942.

*An Ordinance to constitute a women's auxiliary corps for service in India as part of His Majesty's Military Forces.*

WHEREAS an emergency has arisen which makes it necessary to constitute a women's auxiliary corps for service in India as part of His Majesty's Military Forces, and to provide for the organization and discipline thereof;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India 24 Geo. 5, c. 2. Act, as set out in the Ninth Schedule to the Government of India Act, 1935, the Governor-General is pleased to make and promulgate the following Ordinance:—

Short title, extent and application.

1. (1) This Ordinance may be called the Women's Auxiliary Corps Ordinance, 1942.

(2) It extends to the whole of British India and applies to British subjects in any part of India, and to members of the Women's Auxiliary Corps, India, wherever they may be.

Definitions.

2. In this Ordinance, unless there is anything repugnant in the subject or context,—

(a) "the Corps" means the Women's Auxiliary Corps, India, constituted under section 3;

(b) "enrolled" means enrolled under this Ordinance;

(c) "prescribed" means prescribed by rules made under this Ordinance;

(d) "regulations" means regulations made under section 11.

Constitution of Women's Auxiliary Corps.

3. There shall be raised and maintained in the manner hereinafter provided an auxiliary force for service in India to be designated the Women's Auxiliary Corps, India.

Enrolment.

4. Any British subject or any subject of an Indian State, if a woman and above the age of eighteen, shall be eligible to be enrolled in the Corps, and, if she satisfies the prescribed conditions, may be enrolled therein in such manner and for such period as may be laid down by regulations, and thereupon shall become subject to the provisions of this Ordinance.

Personnel of the Corps and appointment of officers.

5. (1) There shall be the following classes of personnel in the Corps, namely:—

(a) officers, and

(b) enrolled persons.

(2) Officers shall be appointed by the Central Government, by notification in the official Gazette.

(3) Enrolled persons may be promoted to warrant and non-commissioned rank in accordance with the regulations.

Liability to serve.

6. Every enrolled person shall be bound to serve until she is discharged from the Corps, and shall be subject to all rules and regulations that may be made under this Ordinance relating to the Corps.

Dismissal from Corps.

7. The Commander-in-Chief of His Majesty's Forces in India or any authority empowered by him in this behalf may dismiss any enrolled person from the Corps.

Liability to undergo training and perform duties.

8. Every enrolled person shall be bound to undergo such training and in such manner and shall be bound to perform such duties in connexion with His Majesty's Military Forces in India as may be laid down by regulations.

Application of Army Act.

9. The Army Act shall, to such extent and subject to such adaptations and modifications as may be prescribed, apply to officers of, and other persons enrolled in, the Corps as they apply to officers of the regular forces and men of the regular forces, respectively.

Power to make rules.

10. (1) The Central Government may, by notification in the official Gazette, make rules to carry out the purposes of this Ordinance.

(2) In particular and without prejudice to the generality of the foregoing power, rules may be made under this section—

(a) for the medical examination of persons offering themselves for enrolment under section 4,

(b) prescribing the conditions governing the grant of, and the rates of pay for, and providing for the grant of allowances to, enrolled persons,

(c) providing for any other matter which under this Ordinance is to be or may be prescribed.

Power to make regulations.

11. The Commander-in-Chief of His Majesty's Forces in India may make regulations consistent with this Ordinance and the rules made thereunder providing for all matters to be laid down by regulations, and generally for all details connected with the organization and personnel of the Corps, and for the enrolment, discharge, duties, training, clothing, equipment, allowances and leave of persons enrolled.

### Regulations to be Observed by the Candidates.

*Both at Madras and in the Mofussil.*

7. Candidates in *all* the subjects must bring with them for use in the examinations their own rulers, erasers, knives, pens, pencils, carbon papers and ink of two or more colours (other than black) for map-drawing and drawing lines in Book-keeping, etc. Candidates are also informed that they must bring their drawing instruments with them for those subjects which require plans to be copied or scales, and diagrams to be drawn. The drawing paper required will be supplied to them at the examination.

8. Candidates in *Surveying and Levelling (Higher Grade only)* and in Hydraulics and Irrigation Works (both grades) will be allowed to bring with them their mathematical tables for use in the examination.

9. Candidates in the subjects, the practical examination in which requires the use of tools, etc., must bring their own tools, etc., with them.

10. Candidates in *Shorthand* will be allowed to transcribe their shorthand notes with a Typewriter. They will not be supplied with any 'thick' paper for the purpose, but will be allowed to bring with them their own 'thick' paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a Typewriter. If the machine used by a candidate, however, goes out of order, an extra time will be given to him to compensate for loss of time while the machine is out of order and is being put right.

11. At the end of the period allotted, candidates must give up both their shorthand and longhand performances to the Chief Superintendent for submission to the Examiner.

### Instructions Regarding the Examinations in Typewriting.

*Both at Madras and in the Mofussil.*

12 Candidates in Typewriting will have to bring their own typewriters, rulers, erasers, and also the necessary carbon paper with them and must specify clearly on their answer papers, the particular kind of machine used by them as otherwise their answer papers will not be valued.

13. The following is the list of the names of Typewriters recognized for use in the examinations.—

### Typewriting—Higher Grade—Oral and Practical Examinations.

14. With reference to the Proceedings of the Commissioner for Government Examinations, Madras, Memorandum C No. 491-D/34, dated 18th July 1934, published on page 378 of Part I-B of the *Fort St. George Gazette*, dated the 24th July 1934, and with reference to the syllabus in Typewriting—Higher Grade (Oral and Practical portions only), the following list of duplicating

machines that have been approved for use in connection with the Government Technical Examinations in published for the general information of the heads of commercial institutions in the Presidency and in the Indian States and of the candidates offering themselves for the examination :—

1 Multo, hand feed

2 R.R.R. No. 14, hand feed (Old R.R.R. No. 21).

3 Remeo No. 2, hand feed.

4 Remeo No. 100, self-feeding.

5 Ellams D-1, hand feed.

6 Ellams K., self-feeding

7 Rote Rotary No. 8, self-feeding.

8 Gestetner No. 3, hand feed.

9 ,, No. 6, self-feeding.

10 ,, No. 66, automatic.

11 Remeo No. 10, self-feeding

12 Multi-print Rotary Duplicator.

13 Ellam's Duplicator B-19 Model.

14 Copygraph Duplicator.

15 Standard Model No. 7, Duplicator.

15. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on them will be demanded of candidates with effect from the examination of January 1935. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any *one* of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

16. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose, provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the left hand corner of their answer papers and the particular kind of typewriter they use at the right hand corner, typed before the question paper is given to them.

17. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

18. The candidates will, if necessary, be examined in *batches* but at least every *four* candidates for the Lower grade, at least every *two* candidates for the Higher grade, must have one machine among them.

19. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

20. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

21. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the Manager or Instructor.

22. A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

23. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.*

### In the Mofussil.

24. Heads of Institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *four* days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

### At Madras.

*Typewriting (English) only.*

25. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth in which the candidates shall be appear) will be issued on Tuesday, 26th May 1942, between 10-30 a.m. and 4-30 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chances of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on the day and date specified above with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

26. Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

27. Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

28. Instructor's Hall Ticket.—Managers or Instructors of Institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Tuesday, 26th May 1942, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

### *Both at Madras and in the Mofussil.*

Attention is particularly drawn to the following rules.

29. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

30. No candidate suffering from any contagious disease will be admitted to the examination hall.

31. With a view to prove their identity to the Chief Superintendent of the examination, candidates are required to produce, on the first day of their appearance for the examination, an identification certificate from a responsible person preferably a Government official. Candidates appearing from recognized or approved schools should also obtain a similar certificate from the head of the institution concerned.

The following form of identification certificate is prescribed:—

I. This is to certify that the bearer.....son (daughter) of.....is known to me and that he (she) is a bona fide candidate appearing for the Government Technical Examinations in.....(subjects with grades have to be specified).

2. The signature of the candidate affixed below was taken in my presence.

Signature of the candidate.

Date.

Signature with designation or address.....

Date.....

32. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

33. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

34. Strict silence should be maintained in the examination hall.

35. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall at any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half-hour will not be admitted.

36. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

37. Candidates are forbidden to note down the answer to any question in the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

38. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc, should be left on the desk where the candidate has been writing.

39. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

40. No candidate will be allowed to exceed the time assigned to each paper.

41. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

42. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

(*N.B.*—(1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should distinctly understand that failure to furnish even any one of these particulars may involve the rejection of valuable their answer papers—particularly any answer paper sent in without the candidate's register number and name of centre will not be valued.)

43. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including their *address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

44. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

45. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connexion with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

46. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

47. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revelation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

In Chapter XLIV, B.Sc. (Pass) Degree Examination Syllabuses, page 403 of the University Code, Volume II (1940–42), *substitute* the following *for* the existing syllabus, under the heading (iii) Volumetric Analysis in respect of Chemistry (subsidiary), practical :—

I. *Acidimetry.*—(1) Estimation of caustic soda and sodium carbonate in a mixture, Two indicators method (Warder's method).
(2) Estimation of sodium carbonate and bicarbonate in a mixture (above method).
(3) Estimation of ammonium salts (Indirect method).
(4) Estimation of copper sulphate (Back titration).
(5) Estimation of Barium Chloride Ba Cl$_2$ 2H$_2$ O

II. *Permanganametry.*—(6) Estimation of Ferrous Iron in Mohr's salt.
(7) Estimation of Ferric Iron in ferric salts.
(8) Estimation of Ferrous and Ferric salts in a mixture of both. (Zn method of reduction to be employed).
(9) Estimation of Calcium in a calcium salt using the precipitate.

III. *Dichrometry.*—(10) Determination of ferrous iron (External indicator).
(11) Determination of ferrous and ferric iron in a mixture (Sn Cl$_2$ reduction).
(12) Determination of potassium chlorate.

IV. *Iodometry.*—(13) Standardization of thiosulphate using dichromate and permanganate
(14) Determination of copper,
(15) Determination of arsenic trioxide.

V. *Precipitation Method.*—(16) Estimation of chloride using standard silver nitrate using chromate as indicator.

In Chapter XLV, B.Sc. (Hons.) Degree Examination of Volume II of the University Code, 1940–42, syllabuses, *substitute* the following revised syllabus *for* the existing syllabus on pages 446 and 448 under (c) Chemistry for the B.Sc. (Hons.) Degree Examination with Chemical Technology as main subject :—

The syllabus shall be taught with emphasis on the industrial aspects so that it will form a good introduction to the Chemical Technology course.

*Lectures.*

*Inorganic Chemistry.*—The periodic Law as the basis for the classification of the elements and its interpretation in the light of modern advances. Chemistry of the non metals. The manufacture of industrially important non metallic elements and compounds. More detailed treatment of the Chemistry of Boron, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Sulphur, the halogens and their compounds.

Systematic study of the metals and their compounds including the more important rare earths and inert gases. The industrial preparations of the more important of these. Alloys and industrial gases.

*Organic Chemistry.*—The scope of Organic Chemistry. Analysis of organic compounds. Molecular and constitutional formulae.

A study of the important compounds of the aliphatic and aromatic series with emphasis on commercial preparation and uses, the important condensation and reactions involved, the different kinds of isomerism, the methods of establishing constitution and the principles governing substitution and reaction.

Elementary treatment of the following :—Pyridine, quinoline and isoquinoline, pyrrol, indol and indigo ; simple alkaloids, terpenes and synthetic dyestuffs.

*Physical Chemistry.*—General properties of solids, liquids, gases and solutions. Determination of molecular weights. Refractivity, Spectroscopy and Optical activity. Ionic theory and its application, hydrolysis of salts. Electro motive force, theory of indicators and hydrogen ion concentration. Thermo Chemistry. Chemical equilibrium, velocity of reactions, catalysis. Liquefaction of gases. The phase rule and its applications. Some applications of thermo-dynamics in Chemistry. Colloidal state, adsorption and surface chemistry.

*Practical Course.*

*Inorganic Chemistry.*—Qualitative analysis of inorganic mixtures containing not more than 4 radicals.

Preparation of about a dozen substances involving typical methods.

Volumetric analysis including acidimetry, alkalimetry, oxidation and reduction methods involving the use of permanganate, dichromate and iodine and precipitation methods.

Gravimetric analyses of calcium, copper, lead, aluminium, chloride, sulphate, phosphate and carbonate.

*Organic Chemistry.*—About 15 preparations involving important reactions.

*Qualitative analysis.*—Identification of compounds by means of reactions for functional groups and preparation of derivatives.

*Physical Chemistry.*—Simple exercises on the following: Molecular weight determination, velocity of reaction, solubility, partition co-efficient, colloids and absorption. Simple exercises in electro-chemistry.

Density, viscosity, surface tension, refractivity, spectroscopy and polarimetry will be done under Physics.

I. In Chapter XLV B.Sc. (Hons.) Degree Examination Syllabuses, pages 550 and 551 of the University Code, Volume II (1940-42), *substitute* the following *for* "II. Pharmaceutics" and the existing syllabus and list of books prescribed thereunder:—

*II. Pharmaceutics and Fine Chemicals.*

Lecture Course: About 100 lectures.

Chemistry, economical preparation, standardization and uses of inorganic and organic substances listed in the British Pharmacopœia.

Official definition, source and distribution, important constituents, official methods of standardization and uses of vegetable and animal drugs listed in the British pharmacopœia.

Pharmaceutical operations. The preparation of the official galenicals and their standardization.

Laboratory Course: About 250 hours.

Preparation of galenicals and other pharmacopœial substances.
Examination and standardization of drugs according to the pharmacopœia.
Identification of crude drugs and fine chemicals.

II. In Chapter XLVI (Post-Graduate and Research Degrees), pages 571 to 573, *substitute* the following *for* "II. Pharmaceutics" and the existing syllabus and the list of text books prescribed thereunder for the M.Sc. Degree examination in Chemical Technology:—

*II. Pharmaceutics and Fine Chemicals.*

(1) *Pharmacy.*—Chemical and Mechanical control in a manufacturing pharmacy. Prescription reading and a study of incompatibilities. Manufacture of pharmaceuticals including toilet preparations, medicinal foods and dressings. History of Pharmacy.

Foreign and Indian State regulations for the control and test of drugs.

(2) *Pharmacognosy.*—An advanced study of the important vegetable and animal drugs listed in the pharmaceutical codex and their substitutes available in India.

(3) *Chemistry and analysis of foods and general principles of dietetics.*—Chemistry and analysis of carbohydrates, liquids, proteins, vitamins and hormones, condiments and flavouring substances; general principles of dietetics.

Foreign and Indian State regulations for the control and tests of foods.

(4) *Physiology, pharmacology and bioassay.*—A general knowledge of physiology of alimentary, respiratory, circulatory, nervous and genito-urinary systems. The pharmacology of drugs affecting the above systems and of other drugs of importance. Methods of biological assay.

(5) *General principles of bacteriology and preparation of biological products.*—The structure, composition and development of bacteria, methods of their study, effects of physical and chemical agents on them and the effects of bacterial growth. Bacteria and disease in animal organism, immunity and body resistance to disease.

The bacteriology of water and milk. The classification of biologicals and the preparation of biological products used for passive immunization, active immunization and for diagnostic purposes.

Practical.

Preparations of galenicals, toilet preparations and fine chemicals, medicinal foods and biological products. Prescription, filling and incompatibilities.

Analysis of water, milk, butter, condiments. Cereals and flavouring substances. Simple exercises in bacteriology.

Macroscopic and microscopic study of starches, fibres and the following important crude drugs of vegetable and animal origin:—

"34. The Examination for the B.Sc. (Pass) Graduates at the end of first year shall consist of two papers in theory each of three hours' duration. Besides, there shall be two papers in practical. The theory and the practical papers shall be common with those for the B.Sc. (Hons.) degree examination in Chemistry exam.

The theory papers shall be as follows :—

(i) Organic Chemistry—3 hours—100 marks.

(ii) Chemistry of Foods and Drugs—3 hours—100 marks.

The practical examination shall be as follows and be conducted along with those for the Chemistry (Hons.), Part II. Main candidates :—

1st paper—Organic Chemistry 12 hours (6 hours per day)—100 marks

2nd paper—Chemistry of Foods and Drugs (6 hours per day)—100 marks.

The candidates have to submit record of practical work done and the record shall carry 40 marks.

A candidate shall be declared to have passed the examination at the end of the first year if he obtains on the aggregate not less than 40 per cent of the total marks and not less than 30 per cent in each of the parts (a) written and (b) practical including records.

35. The Examinations at the end of the first year for Honours graduates and at the end of the second year for Pass graduates shall consist of two papers in theory each of three hours' duration and three practicals of six and a half hours' duration each. P. RAGHAVA ACHARYA,
*District Educational Officer.*

**Change in working hours of the office of the Deputy Inspector of Schools, Kandukur Range.**

It is hereby notified for the information of those concerned that the District Educational Officer, Nellore, in his R.O.C. No. 226 A/42, dated 22nd March 1942, is pleased to permit this office to work in two sessions from 7 a.m. to 11 a.m. and again from 3 p.m. to 6 p.m. from 1st April 1942 to 30th June 1942 on account of hot weather.

S. SUBRAHMANYAM,
*Deputy Inspector of Schools, Kandukur Range.*

Kandukur, 23rd April 1942.

**Change in working hours of the office of the Deputy Inspector of Schools, Narasapatam Range.**

The office of the Deputy Inspector of Schools, Narasapatam Range (Plains), works from 7 to 10 a.m. and 3 to 6 p.m. during May and June 1942.

K. VIRABHADRASWAMI,
*Senior Deputy Inspector of Schools, Narasapatam Range.*

5th May 1942.

**Change in working hours of the office of the Sub-Assistant Inspectress of Schools, Ramnad Girls Range.**

It is hereby notified for the information of all concerned that the working hours of this office will be from 8 a.m. to 1 p.m. daily instead of from 11 a.m. to 5 p.m. during the period from 1st May to 30th June 1942.

S. KURUVILLA,
*Sub-Assistant Inspectress of Schools,*
Madura, 4th May 1942. *Ramnad Girls' Range.*

**Change in working hours of the office of the Deputy Inspector of Schools, Aruppukkottai.**

It is hereby notified for the information of all concerned that the working hours of this office will be from 7-30 a.m. to 11-30 a.m. and 3 p.m. to 6 p.m., during the period from 15th April 1942 to 31st July 1942.

V. S. RAMASWAMI AYYAR,
*Deputy Inspector of Schools, Aruppukkottai Range.*

Aruppukkottai, 30th April 1942.

**Government College, Coimbatore.**

Applications for admission into the Junior Intermediate class should be sent in as soon as possible after the publication of the results of the Secondary School-Leaving Certificate Public Examination, and in any case by the 15th June 1942. Detained students of the Junior Intermediate class of this college desirous of continuing their studies may also apply for admission. Applications should contain the following information and should be accompanied by a *certified copy of the marks obtained* by the candidate at the Secondary School-Leaving Certificate Public Examination:—

1 Name of candidate in full.

2 Date of birth in Christian era.

3 Name, occupation and approximate annual income of parent or guardian.

4 Religion and caste.

5 District to which he belongs.

6 School in which he last studied.

7 Serial number of his Secondary School Leaving Certificate book and his register number at the Public Examination.

8 The year in which he was declared eligible for University course of study and the marks that he has obtained in the various subjects (the number of times that he appeared for the examination should be stated).

9 Whether vaccinated or small-pox marked.

10 The particular combination chosen by the candidate under Part III (the details of the combination are given below).

11 Vernacular of the classical language chosen under Part II (the College imparts instruction only in Tamil and Sanskrit).

NOTE.—(1) Facilities are available in the college for students who wish to take Tamil as their language under Part II on payment of a special fee of Rs. 10 per mensem each towards private tuition fees.

(2) Students who have taken an Indian language in their S.S.L.C. course must take the same language in the Intermediate. This rule does not apply to pupils from European schools.

12 Games chosen for play (two games to be furnished in order of preference).

13 Detained students of the Junior Intermediate class should state also the college or colleges at which and the year or years in which they studied.

14 Address which will find the applicant when selection is made.

15 Whether the candidate has applied for admission to other colleges and if so, names of such colleges.

NOTE.—(1) Only students who have taken Algebra and Geometry in their S.S.L.C. course will be admitted to groups (1) and (2). Only those who have taken Physics will be admitted to groups (3), (4) and (5). Those who have taken Chemistry will not be admitted to groups (3) and (5). Only pupils getting 50 per cent or more in their O group subject and 45 per cent in English stand a chance of admission, ordinarily.

(2) Students may apply in manuscript form also.

A registration fee of Rs. 3 should be paid by every applicant excepting the detained students of the Junior Intermediate class of this College, into any Government treasury or branch of the Imperial Bank of India to the following head of account, which should be mentioned in the last column of the challan:—

"Provincial—XXVI Education—University—A. Fees—Government Arts Colleges—Men—Fee for registration of application for admission into the Government Arts College, Coimbatore."

The duplicate copy of the challan obtained as receipt for payment of the fee should be attached to the application for admission. Under no circumstances, the registration fee will be returned to the applicant. *No application will be* registered unless accompanied by the challan for the registration fee of Rs. 3.

The college is affiliated in Groups A and B of the Intermediate Examination of the Madras University under the remodelled scheme as detailed below:—

*Group A.*

1 Mathematics, Physics and Chemistry.
2 Mathematics, Physics and Logic.
3 Physics, Chemistry and Natural Science.
4 Physics, Chemistry and Indian History.
5 Physics, Indian History and Logic.

*Group B.*

Modern History, Indian History and Logic.

Each student selected for admission, will receive a post-card to that effect with which he should present himself before the Principal on the date fixed. Selection is only provisional until the student is admitted on payment of fees after scrutiny of the documents required.

Selected students who do not present themselves on the prescribed date, without good reasons previously explained, will be liable to lose the seats promised.

T. S. KRISHNAMURTHI AYYAR,
*Principal.*

Government College, Coimbatore,

### Madras Medical College.

DIPLOMA COURSE IN CLINICAL LABORATORY SCIENCE, 1942-43

The Diploma course is open to—

(a) graduates in Medicine of the Madras University or other approved Universities, and

(b) registered medical practitioners selected by the Principal, Medical College, Madras, in consultation with the professors concerned.

2. Students are required to pursue an approved course of instruction and training lasting at least one calendar year as a whole-time worker under the Principal, Medical College, Madras, and under direct supervision of the heads of the departments of Pathology, Bacteriology and Bio-Chemistry.

3. This course will be taken so that three months may be spent in each of the three departments referred to in item 2 while during the last three months the student will work concurrently in all three departments.

4. The detailed syllabus will include practical classes in the respective college laboratories and laboratory diagnostic work in the hospitals attached to the Medical College under the direction of the Principal, Medical College, Madras. The detailed syllabus will also include instruction in serological technique including Wasserman Tests. This will be given at the King Institute, Guindy, for a period of three weeks until arrangements for such instructions are made at the respective laboratories of the College.

5. The course will be from July 1942 to June 1943 and the number of students taken will be limited to six at a time.

6. The fees charged for the course will be Rs. 300 and a deposit of Rs. 30 should be paid for breakages if any, which amount will be returned at the end of the course. (Fees for non-Madrasi candidates will be at double the above rate.)

7. The fees collected will be credited to Government in full.

8. The examination for the Diploma will be held commencing on the third Monday in June or if that day be a public holiday, on the succeeding day.

9. The examination will consist of—

(1) a practical and (2) an oral examination. These examinations shall include

(a) the examination of Pathological material followed by written or verbal reports;

(b) questions on the theory and principles involved in the methods of examination and in the specific tests of pathological material; and

(c) the interpretation of the results of laboratory examinations as applied to the diagnosis of diseases.

10. The fees for the examination shall be Rs. 50 which should be paid into the Government treasury before the 8th June.

11. Candidates who secure at least 50 per cent of the marks in the practical and oral taken together in each of the subjects, Pathology, Bacteriology and Bio-Chemistry shall be declared to have passed. All other candidates shall be deemed to have failed.

12. Failed candidates who want to appear for the examinations again should undergo an additional course for three months and appear for all the subjects.

13. The fee for the additional course shall be Rs. 100.

14. The results of the examination will be passed by a Board of Examiners with the Principal, Medical College, Madras, as the President and 60 per cent of the examination fees collected be distributed among the Board of Examiners.

15. Successful candidates shall be awarded a diploma signed by the Board of Examiners constituted for the purpose.

Applications in prescribed form must reach the Principal, Medical College, Madras, on or before the 20th June 1942 with a treasury or bank chalan for Rs. 2 credited to Government under "XXVII. Medical—a. Madras Medical College—Registration Fees." It shall neither be refunded to the candidates in any circumstances nor adjusted towards the tuition fees in the case of candidates selected for admission.

On sending a stamped and addressed envelope to the Vice-Principal, Madras Medical College, before 15th June 1942, necessary forms will be posted.

### DIPLOMA IN PHARMACY.

Those who have passed the Matriculation Examination or who have qualified for a Secondary School-Leaving Certificate taking Physics or Chemistry as 'C' group subjects for the public examination are eligible for admission.

2. The course extends over two years. The fee for each subject of the course is Rs. 20.

3. Application for admission to this class should be sent to the Principal, Medical College, before the 15th June next with a treasury or bank chalan for Rs. 2 credited to Government under "XXVII. Medical—a. Madras Medical College—Registration Fees." It shall neither be refunded to the candidates under any circumstances nor adjusted towards the tuition fee in the case of candidates selected for admission.

Medical College, Madras.
29th April 1942.

### DEGREE OF BACHELOR OF SCIENCE IN PHARMACY (B.Sc. PHARMACY), 1942.

Candidates for the Degree of Bachelor of Science (Pharmacy) shall be required—

(i) to have completed the age of 17 years on or before the date of admission to this College;

(ii) to have passed the Intermediate Examination in Arts and Science of this University or an examination of some other recognized University accepted by the Syndicate as equivalent thereto, having offered as optional subjects Mathematics, Physics and Chemistry or Physics, Chemistry and Natural Science;

(iii) to have subsequently studied for a period of six months (two terms) in a college affiliated to or recognized by the University the subjects of General Chemistry, Organic Chemistry, Botany and Physiology (according to a syllabus) and to have passed the Preliminary Science Examination in Pharmacy, and

## DEVELOPMENT DEPARTMENT.

Wheat Control Order, 1942.

*Fort St. George, May 8, 1942*
*(G.O. Ms. No. 841, Development).*

The following notification of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

WHEAT CONTROL ORDER.

*New Delhi, the 30th April* 1942.

No. Comm. Aff. (P.C.) 7/41-(A).—In exercise of the powers conferred by sub-rule (2) of rule 81 of the Defence of India Rules, the Central Government is pleased to make the following Order, namely :—

THE WHEAT CONTROL ORDER, 1942.

1. (1) This order may be called the Wheat Control Order, 1942.

(2) It extends to the whole of British India.

(3) It shall come into force on the first day of May 1942.

2. In this order, unless there is anything repugnant in the subject or context—

(a) "export" means to take out of any Province in British India to any other Province in British India or to an Indian State ;

(b) "import" means to bring into any Province in British India from any other Province in British India or from an Indian State ;

(c) "Provincial Price Controller" means the officer appointed by the Provincial Government to administer the subject of Price Control in the Province and includes any person authorised by that officer to exercise all or any of the powers conferred on the Provincial Price Controller by this order ;

(d) "wheat" includes wheat flour, atta, maida, rava, suji, bran and any other wheat product;

(e) "Wheat Commissioner" means the Wheat Commissioner for India appointed by the Central Government and includes any officer authorised by him to exercise all or any of the powers conferred on the Wheat Commissioner by this order.

3. (1) No person shall export or import any wheat except under and in accordance with a permit issued in that behalf by the Wheat Commissioner:

Provided that nothing in this clause shall apply to the export or import of wheat—

(a) not exceeding 5 pounds in weight by a bona fide traveller as part of his personal luggage;

(b) under and in accordance with military credit notes;

(c) before the 1st June 1942 under and in accordance with a permit duly issued by any provincial authority.

(2) Notwithstanding anything contained in clause (c) of the proviso to sub-clause (1), the Wheat Commissioner may, by special order, prohibit the export or import of any particular consignment of wheat.

4. Applications for permits to export or import wheat during any calendar month shall be made in writing not later than the fifteenth day of the preceding month—

(a) in the case of export and import by rail or by sea, to the Wheat Commissioner; and

(b) in any other case to the Provincial Price Controller;

and shall contain full and true particulars of the following:—

(i) name of consignor;

(ii) name of consignee;

(iii) quantity and nature of consignment;

(iv) port or railway station of despatch (including district and province in which situated);

(v) port or railway station of destination (including district and province in which situated);

(vi) price at which the wheat included in the consignment has been sold:

Provided that applications for permits to export or import wheat during the month of May 1942 be made at any time before the 21st May 1942.

5. Where wheat is exported by rail in accordance with a permit issued by the Wheat Commissioner, the permit shall be returned by the consignor to the Wheat Commissioner on completion of despatch of the quantity therein mentioned with the entries in respect of each consignment showing the quantity despatched and the date of despatch duly certified by the Station Master on the permit.

6. Where wheat is exported by sea in accordance with a permit issued by the Wheat Commissioner, the consignor shall deliver the permit to the Customs Collector who shall return it to the Wheat Commissioner after the consignment has been exported.

7. Where wheat is exported otherwise than by rail or by sea in accordance with a permit issued by the Wheat Commissioner, the permit shall be disposed of in accordance with such instructions as the Provincial Price Controller may by general order give in this behalf.

TO

# THE FORT ST. GEORGE GAZETTE

No. 19-A] MADRAS, TUESDAY EVENING, MAY 12, 1942

## REPORTS ON CROPS.

**Statistics—Crop—Groundnut—1942—First Report.**

The area sown with summer or irrigated groundnut during the three months (January to March 1942) is estimated at 53,700 acres. When compared with the estimated area of 53,500 acres for the corresponding period of last year, there is an increase of 0·3 per cent.

2. Figures by districts are given below:—

| District. | Estimate of area sown with irrigated groundnut from January to March. | | Increase (+) or decrease (—) of the area in column (2) as compared with the area in column (3). |
|---|---|---|---|

| Ramnad .. .. | 1,000 | 1,000 | .. |
| Total .. | 53,700 | 53,500 | + 200 |

3. The wholesale price of groundnut (shelled) per imperial maund of 82·2/7 lb. (equivalent to 3,200 tolas) as reported from important market centres on 14th April 1942 was Rs. 4-13-0 in Salem, Rs. 4-14-0 in Guntur, Rs. 4-12-0 in Vizianagram and Adoni, Rs. 4-11-0 in Nandyal and Bellary, Rs. 4-10-0 in Cuddalore and Vellore, Rs. 4-8-0 in Hindupur and Rs. 4-7-0 in Cuddapah. When compared with the prices published in the last report, i.e., those which prevailed on 5th January 1942, these prices reveal a rise of 23 per cent in Salem 10 per cent in Adoni, 6 per cent in Hindupur, 5 per cent in Guntur, 3 per cent in Vellore and 1 per cent in Bellary, the prices remaining stationary at Vizianagram, Cuddapah and Cuddalore.

Bellary, 1st May 1942.

### Statistics—Cotton—1941–42—Fifth or final forecast report

The average of the areas under cotton in the Madras Province during the five years ending 1939–40 has represented 9·7 per cent of the total area under cotton in India.

2. The area under cotton in the Madras Province in 1941–42 is estimated at 2,941,400 acres as against 2,790,600 acres for the corresponding period of last year and 2,872,900 acres according to the forecast report issued in February. The present estimate for the Province represents an increase of 4·1 per cent as compared with the finally recorded area of 2,448,684 acres in 1940–1941. The final estimate of last year fell short of the actuals by 2·0 per cent.

3. The increase in area in the current year as compared with the area in 1940–41 occurs in all the important cotton growing districts of the Province outside Guntur. The increase is marked in Anantapur, Salem and Madura (plus 62,500 acres). The area estimated in respect of Coimbatore is the highest reported in recent years.

Picking of cotton is in progress and may be finished in about a month.

4. The crop was affected to some extent by the attacks of insects in parts of Tinnevelly and by drought in parts of the Deccan, South Arcot, Chittoor, Madura, Ramnad and Tinnevelly.

Normal yield is expected in East Godavari, Nellore, Chingleput, North Arcot, Salem, Coimbatore, Trichinopoly, Tanjore, Ramnad (Cambodia cotton only), Tinnevelly (Cambodia cotton only), Malabar and South Kanara. A yield below the normal is reported from the other districts of the Province.

The seasonal factor for the Province as a whole works out to 82 per cent of the average for both irrigated and unirrigated cotton, the corresponding figure according to the Season and Crop Report of last year being 98 per cent. On this basis, the yield works out to 650,700 bales of 400 lb. lint as against 583,635 bales of last year which represents an increase of 4·9 per cent. The yield in an average year is estimated at 538,029 bales. It is, however, too early to estimate the yield with accuracy as much will depend on future weather conditions and their effect on the second crop and on the amount of damage done by insect pests.

5. The estimated area and yield under the several varieties are given below:—

*(Area in hundreds of acres, i.e., 00 being omitted; yield in hundreds of bales of 400 lb. lint, i.e., 00 being omitted.)*

NOTE (1).—The year 1941–42 relates to the period February 1941 to January 1942, when the crop of 1940–41 generally comes to the market. The only new crop in the Deccan, however, generally comes into the market from December in each year. The figures are taken from the weekly returns furnished by mills and presses.

NOTE (2).—Items (2) and (3)—The figures are approximate.

7. The average wholesale price of cotton lint per imperial maund of 82·2/7 lb. equivalent to 3,200 tolas as reported from important markets on 14th April 1942 was about Rs 18–13–0 for Coconadas, Rs. 17–8–0 for White Northerns, Rs. 16–8–0 for Red Northerns, Rs. 13–2–0 for Westerns (Mungari), Rs. 19–2–0 for Westerns (Hingari), Rs 20–4–0 for Coimbatore Cambodia, Rs. 28–8–0 for Coimbatore Karungannni, Rs. 22–4–0 for Southern Cambodia, Rs. 19–12–0 for Tinnevellies and Rs. 21–4–0 for Nadam cotton. When compared with the prices published in the last report, i.e., those which prevailed on 9th February 1942, these prices reveal a fall of about 45 per cent in the case of Coimbatore Cambodia, 22 per cent in the case of Coimbatore Karunganni, 21 per cent in the case of Westerns (Mungari), 16 per cent in the case of White Northerns, 14 per cent in the case of Nadam, and 13 per cent in the case of Coconadas, Red Northerns and Westerns (Hingari).

8. Figures by districts are given in Statement I. Figures of area by varieties in the Central districts and the South are given in Statement II.

* Average not available owing to the reconstitution of the districts. (*) Not received. † Average of 10 years ending 1938.

NOTE.—The prices are the averages for each district of the retail prices at the several price-recording stations recorded either at the market or market day or if there is no market, on Friday at the nearest shop in the station. The prices relate to the kind of rice (or other grain) most commonly consumed, paid by the person who is buying it for consumption.
